**BEST VETERAN**

My thanks to the Officers and committee for their kind invitation to judge this well run open show. The entry of 47 was unfortunately marred by absentees but I was fortunate to have several top class specimens to assess and choose from.

**VD/B (5,2abs)** All were shown in good form and a credit to their owners. 1<sup>st</sup> Carpenter **Klansted Harvest Moon**, up to size but well balanced in a masculine frame, lovely clear

dark eyes, open nostrils and tidy finish to mouth, well ribbed and firm in loin, good definition to stifle, free mover, BV & SOpPRed. 2<sup>nd</sup> Barney **Ch Cilleine Imagine Sternroc**, 11.1/2yo, very compact and sports a well laid out head, excellent front down to good feet, short coupled, can still move out with purpose. 3<sup>rd</sup> Rose **Rhodon Regina**.

**MPD (2,1) 1<sup>st</sup> Payne Checar Coz I'm Bursting Out**, 8m well grown R/R, masculine with fairly large head, dark eyes well placed as was nose, decent front and rear angles, good neck and topline, prefer shorter loin, had left his undercoat at home, moved out freely once he settled to the job.

**PD (2,1) 1<sup>st</sup> Hughes & Crowthorpe Beuborn Believe It's Presley**, fairly compact B&T with correct shaped head and super clear dark eyes, ears used to advantage, open nostrils, excellent finish to mouth, straight forelimbs, arched neck, ribs developing, firm level topline with tail set and carried high, good turn to stifles, steady mover in harsh coat, **BPIS**.

**JD (2) 1<sup>st</sup> Chapman & Price, Marquant Media Storm**, B/S, well boned masculine lad, head is large without exaggeration, dark round eyes, ears well set and used, defined stop with nose well placed, firm underjaw and finish, arch to neck, ribs are well sprung, topline level with high tail carriage, good rear angles, rather exuberant in action but sound. 2<sup>nd</sup> Ritchie **Sabai Sartori at Glogriff**, R/S, so much to like about this dog, fairly large head that is well laid out with expressive dark eyes and super large nostrils, just a tad long caste, needs more ring training particularly on the table.

**ND (1) 1<sup>st</sup> Barney Chandling Chambertin at Cilleine** was surprised to find a dog of such quality in this class and my eventual **BIS** winner. Exudes quality and has that ring presence that simply says 'look at me', most lovely headpiece that is broad and masculine and carried on an arched neck, dark expressive eyes with ears set high, nose correctly placed with open nostrils, excellent underjaw and finish, fore and hindquarters beautifully balanced, level topline with tail carried just right, so smart on the move with accurate foot fall, at 13m harsh quality coat coming, honestly believe that his best is yet to come.

**PGD (4,2) 1<sup>st</sup> Roberts Beauview Raining Men**, smart B&TS who scored in his compact frame and expression, balanced head that is well laid out, excellent finish to mouth, forelimbs straight but could still tighten up a bit more, round feet, good for neck into level topline, tail is set very high enhancing rear angulation, just needs maturity to fill his frame a touch more. 2<sup>nd</sup> Gorbunova **Favorit Gold Star Pajurio Bures**, larger RS and would prefer him more compact, large head with open nostrils, eyes dark but large enough, ribs developing, good balanced angulation all-round enabling reachy action with drive from behind.

**LD (4,2) 1<sup>st</sup> Sturmeay Foxfly Russel Griffon**, handy size and more compact just needing to fill frame, head is fairly large and attributes well distributed, dark eye and nose well placed, good mouth, turn-up and finish, straight forelimbs and firmer elbows, shoulders quite well laid, ribs could still fill a touch more, high set tail and carriage, definition to hindquarters, coat harsh textured but short today, moves out true enough. 2<sup>nd</sup> Suggitt **Aptrick Standard Bearer**, masculine head, would prefer firmer front assembly and shorter loin, good for rear definition and sporting a harsh coat.

**OD (2,1) 1<sup>st</sup> Roberts Ch Beauview Guns’N’Roses**, thought this RR very good for type and not unlike the BD, width through head with fairly neat ears, he too has a lovely eye being well placed, dark and good for size, nose set well up, tidy finish to underjaw, decent shoulders and front, length to neck, ribs well sprung but tad longer in loin, high set and carried tail, harsh coat, decent all-round mover who showed himself to advantage, **RBD**.

**MPB (1) 1<sup>st</sup> Payne Checar Coz She’s The Star**, tad timid but settled enough in the end to move out and demonstrate sound typical action, head has all the correct attributes just needs more experience and to learn how to project herself, eye round, dark and of sensible size, pigmentation to clear, shoulders and hindquarters in balance, undercoat just beginning to show itself.

**PB (1) 1<sup>st</sup> Swinge Vendettas Tangerine Balthazar**, upstanding RR who looks a touch up on leg at present but should drop into her frame and fill in chest with time, neat headpiece with defined stop, open nostrils and decent finish to mouth, arch to neck, ribcage developing, high set tail and carriage, gentle turn to stifle, excellent mover, harsh coat coming.

**PGB (7,1) 1<sup>st</sup> Spittle Rhodon Maid To Measure**, RS who stood away here, very well balanced with fairly large head and best of expressive eyes, open nostrils, good for turn up and finish to mouth, arch to neck, well sprung ribs, level topline, high tail carriage, definite bend to stifle, moves out respectably. 2<sup>nd</sup> Martyn **Donzeata Royal Rhapsody**, compact with large head, pleases in eye and expression, super finish to mouth, arched neck into straight front, ribcage well sprung and tail carried high, tidy mover. 3<sup>rd</sup> Carpenter **Sabai Love In A Mist**.

**LB (4,2) 1<sup>st</sup> Swinge Balthazar Angel Eyes**, compact RS and very cobby, large head with width through, tad heavy in wrinkle, good neck and broad chest, ribcage well sprung but could carry back further, level topline with tail set high, scored in definition to hindquarters and covered ground tidily. 2<sup>nd</sup> Rose **Rhodon Regal Madam**, feminine, very clean cut and lighter in build, reasonable ribs that could come back a touch further, length to neck, level topline, steady mover.

**OB (4,2) 1<sup>st</sup> Price Marquant Sweet Dreams**, outstanding cobby RR in full coat and furnishings giving that stocky impression that was confirmed upon examination, large head, ears used to advantage, width through, dark well placed eyes, nose set high, good for turn up and finish, straight forelimbs, well sprung ribs that come well back, level topline with tail carried high, definition to hindquarters, harsh well presented coat, moved out with style, **BB & RBIS**. 2<sup>nd</sup> Spittle **Rhodon Regal Maid**, ultra feminine RS, very well balanced and giving nothing away in construction, large head, clear eyes, open nostrils and good turn up, arch to neck, level topline, ribs sprung but could come back further, tail carried high and gentle definition to quarters, somewhat erratic in action today.

**SpOR (6,3) 1<sup>st</sup> Carpenter Klansted Harvest Moon**. 2<sup>nd</sup> Gorbunova **Favorit Gold Star Pajurio Bures**. 3<sup>rd</sup> Rose **Jaydean Miss Teak at Rhodon**.

**SpOBlk (4,3) 1<sup>st</sup> 1<sup>st</sup> Suggitt Aprtack Standard Bearer**.

**SpOB&T (3,1)1<sup>st</sup> Donnellan Int, Bel, NL Ch Beauview Girls Night Out**, well grown and very stocky, broad head with defined stop, super clear well placed dark eyes, good turn up and finish, scored in shoulders and front action, straight forelimbs down to tight feet, very well ribbed up and short coupled, good rear definition, respectable all-round mover, shown in hard condition. 2<sup>nd</sup> Roberts **Beauview Raining Men**.

**SpBeg (2,1) 1<sup>st</sup> Carpenter Sabai Love In A Mist**, smaller RS who is compact and a touch stuffy in neck, expressive dark eye, ribs developing, level topline with tail carried high, steady mover.

**Rodney Oldham**
